

Micro Data Laboratory News Bulletin

—A new approach to international cooperation in statistical data analysis—

No.2

1 January 2011

The Second International Workshop

The Workshop was held at Waseda campus of Tokyo International University on the 16th and 17th, September, 2010.

<Sep 16>

Presentations were made to report on “the characteristics and disclosure status of official micro data statistics” of the participating countries by the government officials from Statistics Bureau of Bangladesh, Cambodia, Vietnam and Japan

<Sep 17>

- 1) Keynote speech was delivered by Prof. Y. Matsuda.
- 2) Results of the analysis using micro data of Bangladesh and Cambodia were presented by Prof. M. Suga and Mr. K. Yoshino respectively. Also, the presentation on re-sampling of micro data was made by Ms. M. Murata. Titles and reserachers of the presentations are as folloews:

Presentation Title	An Analysis of Household Income using Bangladesh Household Income and Expenditure Survey 2000
Researchers	Prof. M. Suga (TIU) : Presenter
Presentation Title	Cambodia Socio Economic Survey 2007: Difficulties Encountered on Micro Data and Preliminary Analyses of Household Income/ Expenditure
Researchers	Mr. K. Yoshino (Sinfonica) : Presenter Ms. K. Yonezawa (Sinfonica) : Co-researcher Ms. H. Yasui (Sinfonica) : Co-researcher Mr. A. Ito (Sinfonica) : Co-researcher
Presentation Title	Re-sampling of Micro Data of Indonesian National Socio Economic Survey 2000 and Nepalese Living Standards Survey II 2003/2004
Researchers	Ms. M. Murata (Sinfonica) : Presenter Prof. Y. Baba (The Institute of Statistical Mathematics) : Co-researcher

- 3) Following the research presentations, the delegates from the National Statistical Offices of Bangladesh, Cambodia, and Vietnam paid a courtesy call on Mr. Kawasaki, Director General of Statistics Bureau of Japan.

Group Photo with Mr. Shigeru Kawasaki, Director General of Statistics Bureau of Japan (center), and Mr. Akihiko Ito (left end)

4) List of Participants from National Statistical Offices

Name	Affiliation & Status
Mr. Dipankar Roy	Deputy Director, Bangladesh Bureau of Statistics
Mr. Md. Abdul Latif	Assistant Statistical Officer, Bangladesh Bureau of Statistics
Mr. Saint Lundy	Director, Department of Information and Communication Technology, National Institute of Statistics, Cambodia
Mr. Do Trong Khanh	Director, Department of Methodology and Standards, General Statistics Office of Vietnam
Mr. Seiji Takata	Vice-Director, Planning Division, Statistical Survey Department, Statistics Bureau of Japan

Upon the completion of this 4-year Research Project

Accumulated official micro data statistics are expected to be stored in the Laboratory and made available to researchers after re-sampling for academic purposes. By doing so, the Project is aimed at serving as an Asian version of LIS. In this respect, the Project team has begun the re-sampling of the original micro data and the creation of metadata.

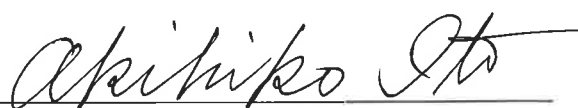

Micro data re-sampling schedules for provision

2010 : Indonesia, Nepal

2011 : Bangladesh, Cambodia

2012 : Malaysia, Thailand, (& Laos or Sri Lanka)

2013 : Mongolia, Vietnam, (& Laos or Sri Lanka)

Akihiko Ito
Chairman, Sinfonica
